

# KEYBOARD A-Z

## Type in 90 Minutes ! Keyboard Training

10-finger typists are 4 TIMES as productive as 2-finger typists!  
Stop hunting your way around a keyboard!

Using colourful graphics, useful tips, and memorable key phrases, KAZ can teach you to touch type the standard A to Z keys in 90 Minutes !

- **Easy to install** and use on any Windows PC with a cd-rom drive. Also available as a network ready version.
- **Bright graphics and colourful** characters help to hold student interest.
- **Multimedia** and non-multimedia versions included on one CD.
- **Audio narration** reinforces topics covered and concepts learned.
- **Photos** clearly show proper finger placement and movement across the keyboard.
- **Email** has never been easier with improved keyboarding techniques.

KAZ Guides each student through an easy to navigate lesson.

Lessons are highlighted with colourful graphics and clear photos of finger position.

Keyboard training with KAZ provides a quick solution, while a number of additional tools give long-term support for new and established keyboardists.
